INTRODUCTORY SECTION

THIS PAGE LEFT BLANK INTENTIONALLY

March 31, 2025

Honorable Mayor, City Council Members and the Citizens of the City of White Settlement:

This is the “Annual Comprehensive Financial Report” (ACFR) of the City of White Settlement, Texas (the City) for the fiscal year ending on September 30, 2024. This report is submitted to you by the City Manager’s Office and the Finance Department. The Charter of the City of White Settlement requires an annual audit of all the City’s accounts, (Article IV. Section 14.C (5)) by an independently certified public accountant, selected and approved by the City Council. This report’s purpose is to provide transparency of the financial practices, methods, state and the operation of the City. Additionally, this report provides assurance to the City Council, residents, current and future investors and any other parties who are interested in the City that the financial position of the City has been presented fairly and verified by the City’s independent auditors.

The City is responsible for all the data in this report. The accuracy, reliability, completeness and fairness of the presentations, including all disclosures, rests with the City. The City has established and maintains a system of internal accounting controls designed in part to provide a reasonable assurance that assets are safeguarded against loss, theft, or unauthorized use and that financial records can be relied upon to produce financial statements in accordance with generally accepted accounting principles (GAAP). The concept of reasonable assurance recognizes that the cost of maintaining the system of internal accounting controls should not exceed the benefits likely to be derived.

We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set for the financial position and results of operations of the City as measured by the financial activity of its various funds; and that all disclosures necessary to enable the reader to gain the maximum understanding of the City’s financial affairs have been included. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The independent auditor’s report is located at the front of the financial section of this report. Pattillo, Brown & Hill, L.L.P., Certified Public Accountants, have issued an unmodified (“clean”) opinion on the City’s financial statements for the year ended September 30, 2024.

The annual comprehensive financial (ACFR) report is organized into three sections: Introductory, Financial, and Statistical. Included in the Financial section is the Management’s Discussion and Analysis (MD&A), which provides a narrative introduction, overview and analysis of the basic financial statements. The MD&A complements this letter of transmittal and should be read in conjunction with it.

Profile of the City of White Settlement

General information

The City of White Settlement, incorporated in 1941, is located in northwest Tarrant County and abuts the west side of the City of Fort Worth. It currently occupies 5.05 square miles and serves a population of 18,522. The City is empowered to levy a property tax on both real and personal property located within its boundaries. The City has no extra-territorial jurisdiction.

The City has operated under the council-manager form of government since 1954. Policy-making and legislative authority are vested in a governing council (City Council) consisting of a Mayor and five Council members, all elected at-large for three-year staggered terms.

To be in compliance with Senate Bill 100, cities were encouraged to consider a change to November elections or May elections in odd-years. After exploring the possibilities of changing Council Members terms to two years or four years, the City Council voted to move their election date to November and remain with the three year terms.

The City Council appoints the City Manager, City Attorney, Municipal Judge, City Secretary and members of various boards and commissions. The City Manager is responsible for the proper administration of the daily operations of the City.

Services provided

The City provides a full range of municipal services including general government, police, fire, code compliance, animal control, municipal court, library, parks and recreation, senior services, streets, water and wastewater services. Sanitation services are provided by the City but are privately contracted with Frontier Waste Solutions. The White Settlement Crime Control & Prevention District (CCPD) and the White Settlement Economic Development Corporation (EDC, 4B Corporation) are both funded with sales tax revenues. Both entities are discussed more fully in the notes to the financial statements.

Accounting System and Budgetary Control

Basis of accounting

The City accounts for governmental funds using the modified-accrual basis of accounting, with the revenues being recorded when available and measurable and expenditures being recorded when the services or goods are received and the liabilities are incurred. Proprietary funds are recorded using the full-accrual basis of accounting where revenues are recognized in the accounting period in which they are earned, and expenses are recognized in the period in which they are incurred. Both the governmental activities and business-type activities reported on the government-wide financial statements are reported on an accrual basis.

Internal controls

The City has established a comprehensive internal control framework designed to protect the City's assets from loss, theft, or misuse and to compile reliable information for the preparation of the City's financial statements. The cost of internal controls should not outweigh their benefits; therefore, the City's internal controls have been designed to provide reasonable rather than absolute assurance.

Budget

The annual budget of the City serves as a foundation for its financial planning and control. The budget is proposed by the City Manager and adopted by the City Council in accordance with policies and procedures established by the City Charter, Council ordinances and policies. The budget is prepared and presented by fund (e.g., general fund), department (e.g., police) or function (e.g., public safety), and major cost category (e.g., personnel). All departments of the City are required to submit budget requests for appropriation to the Director of Finance in or before June each year. Estimates and requests are reviewed by the City Manager and evaluated within the total financial framework of the City. The City Manager makes final decisions regarding the budget recommendations that are submitted to the City Council and City Secretary by August 7th. The City Manager's proposed budget is reviewed by the City Council and followed by a final public review process, including a required public hearing prior to budget adoption. Local Government Code requires adoption of the City budget no later than the 30th of the last month of the fiscal year.

Budgetary reporting is provided at the department level within the individual fund. The legal level of budgetary control is at the fund level. Transfers of budget appropriations within funds may occur with the approval of the City Manager provided there is no increase in overall expenditures. Transfers of budget appropriations between funds, as well as any increase in total appropriations, require a formal budget amendment adopted by the City Council. Unless otherwise noted, all appropriations lapse at year-end and excess fund become available for re-appropriation in the subsequent year. By policy, all encumbrances related to operating funds end at the end of the fiscal year, unless re-appropriated in the budget adoption.

Budget-to-actual comparisons are provided in this report for each individual governmental fund for which an appropriated annual budget has been adopted. For the general fund, this comparison is presented as required supplementary information. For governmental funds other than the general fund, with appropriated annual budgets, this comparison is presented in the major and non-major governmental fund sections of this report. Additional information regarding the annual budget is provided in the MD&A.

Economic Outlook and Financial Planning

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the City of White Settlement operates.

Local economy

The City of White Settlement is located in Tarrant County on the west of the Dallas/Fort Worth (DFW) Metroplex along the southern border of Interstate 30 and the western border of Interstate Loop 820 which makes the City easily accessible from all areas of the state adjacent to Lockheed-Martin and NAS Joint Reserve Base. The community is adjacent to major business and cultural centers in Fort Worth and Dallas, yet it remains uncongested with property available for development.

The daily inflow of thousands of employees to the huge Lockheed-Martin aircraft assembly plant on the eastern border of the City has helped sales tax revenues keep pace with the property tax revenues. Over the years, White Settlement has grown into a diverse urban community of approximately 18,522 residents. Though surrounded by Fort Worth and other urban developments, it has not lost its small-town sense of community and neighborliness. White Settlement's growth and development over the past decade has been built on a strong foundation of overall planning, management, quality of life and policy direction. All in all, the picture of White Settlement is one vital community, facing economic challenges and opportunities of the future with optimism and forethought.

The City continues to experience an increase in population. Official Census reported population figures of 14,831 for 2000 and 16,116 for 2010. The 2024 population estimate was 18,522, representing an increase of 2,406 (14.29%) since the 2010 Census. The following table presents White Settlement's official Census population since 1970, as well as the current year estimated population.

	Population	Increase (Decrease)	Percentage Change
1970 Census	13,449	1,936	16.8%
1980 Census	13,508	59	0.4%
1990 Census	15,472	1,964	14.5%
2000 Census	14,831	(641)	-4.1%
2010 Census	16,116	1,285	8.7%
2020 Census	18,269	2,153	13.3%

Since 1970, the total population increase has exceeded 5,072. This increasing population trend is anticipated to persist for several years, although at a much slower pace. Tarrant County has experienced similar growth during the last 40 years, increasing from 715,587 in 1970 to 2,110,640 in 2020, and an increase of more than 195%.

Another factor in measuring the local economy is its overall appraised value. Since 2000, the appraised value of property within White Settlement has more than tripled. Overall appraised values provide a better indication of new development than taxable values, since taxable values are derived after deducting the various allowable exemptions. The following table provides the total appraised values of the City of White Settlement since 2010.

Fiscal Year Ended 9/30	Total Appraised Values	Percentage Change
2015	710,034,718	N/A
2016	797,121,899	12.27%
2017	883,081,062	10.78%
2018	1,001,155,327	13.37%
2019	1,112,392,884	11.11%
2020	1,273,643,040	14.50%
2021	1,298,153,111	1.92%
2022	1,403,727,423	8.13%
2023	1,588,727,730	13.18%
2024	1,821,932,986	14.68%
2025	1,941,600,873	6.57%

As shown, the rates of change in the City’s total appraised value have had some years of decline. The rates of increase in taxable values can impact the City’s general fund operations significantly, since property tax revenues comprise 54% of the total revenues for the General Fund. City management continuously monitors local economic trends in order to maintain adequate fund balance reserve levels and to meet policy targets.

The value of new construction is included in both market and net taxable values. The net taxable value of new construction for year 2024 (FY 2024-2025) was \$8,229,971, compared to \$10,722,850 for calendar year 2023 (FY 2023-2024).

The water park remains a challenging enterprise for the City. Originally constructed in 2013-2014 as part of a “Public-Private Partnership” with Hawaiian Falls, the City invested \$12.5 million in development, construction, and start-up costs, financed through bonds issued by the Economic Development Corporation (EDC). Under the original agreement, Hawaiian Falls was responsible for making debt service payments through a 40-year lease while operating and maintaining the park. However, in January 2016, Hawaiian Falls informed the City that they would no longer be making the required debt service payments, leading to the termination of the lease due to breach of contract. The City has since independently operated the park under the name “Splash Dayz Water Park.”

The financial impact of the water park has historically been two-fold—operational requirements and debt service obligations. However, in the summer of 2024, the bond was called, eliminating the debt service burden from the EDC fund. As a result, in the FY2025 budget, the operating subsidy for the water park, previously funded by the General Fund, has been shifted to the EDC fund. While this alleviates pressure on the General Fund, the City continues to evaluate whether the park can achieve financial self-sufficiency or will remain a community service requiring ongoing subsidy.

Future economic outlook

Historically, the rise in oil and gas drilling has generated income for the City through higher sales tax revenues, tax base valuations, construction and permit revenues and other related activity. Sales tax revenue experienced steady growth from 2019 to early 2020, reflecting a strong pre-pandemic economy driven by population increases and consumer activity. However, the COVID-19 pandemic in 2020 led to a sharp but temporary decline due to business closures and reduced spending. By late 2021, revenues rebounded significantly, supported by federal stimulus and increased e-commerce. Growth continued through 2022 and 2023, though at a more moderate pace as inflation and interest rate hikes affected consumer spending. For 2024, sales tax collections remain strong but show signs of stabilizing. Projected sales tax revenues in the General Fund are \$3.2M for FY2024-2025.

The 2024 taxable property values increased \$64,033,141 (4.23%) to \$1,578,443,709 from prior year values of \$1,514,410,568. The average taxable value of a residential home in 2024 increased to \$160,412 compared to the 2023 average taxable valuation of \$154,886. The City continues to take steps in developing areas to attract commercial customers and residents. For the 2024-2025 Budget, the City Council adopted the tax rate of \$0.679816, which was above the no new revenue rate but equal to the voter approval rate including the unused increment. This represents an increase of 1.89% compared to the prior year rate at \$0.667233 per \$100 valuation. The General Fund Ad Valorem tax revenue carries a \$7.88M budget.

Major initiatives

The City's mission is promoting and sustaining a superior quality of life. This mission is accomplished by the following priorities:

- The rehabilitation and replacement of aging infrastructure;
- The improvement and maintenance of the City's park system;
- The provision of public safety to our citizens;
- The financial sustainability and accountability;
- The engagement of our community; and
- The attraction and promotion of commercial business within the City.

Major initiatives included in the 2023-2024 Fiscal Year Budget are discussed below:

Public safety – The budget included maintaining public safety service levels. The Crime Control District allocated a \$854,025 to the General Fund for police department personnel costs.

Infrastructure – The 2023-2024 budget included street, stormwater, water, and wastewater improvements of \$12M.

Long-term financial planning

Maintaining adequate service levels without significantly increasing the property tax rate has been a significant priority for the City Council. The City of White Settlement uses long-term and short-term debt issuances to maintain a tax rate that is as level as possible. Projects planned for 2024-2025 include street resurfacing and reconstruction, replacement of water and sewer lines, stormwater enhancements, and parks and reaction projects.

In 2000, a street improvement program was implemented with a long-range goal of having funds available to pave streets within the City's jurisdiction on a regular planned basis. The pay-as-you-go funding is provided by a 5% franchise tax imposed upon the City's water and wastewater operations.

In March 2006, a Storm Water Utility Fund was created to fund storm water projects and equipment that will help control flooding and storm water drainage problems, water quality improvements and operations and maintenance throughout the City. Projects may include repair of storm water drains, improving maintenance of branches and channels, constructing new drainage systems, maintenance of the Storm Water System and meeting state mandated water quality standards.

The White Settlement Crime Control and Prevention District (CCPD) was created in 1996 and a ½ cent sales tax approved to support it. In May 2010, the CCPD was re-approved for an additional twenty years. This tax has played a significant role in maintaining police salaries at satisfactory levels. These revenues also fund Community Crime Prevention Programs, police personnel training, equipment purchases, and vehicle purchases.

The White Settlement Economic Development Corporation (EDC), a 4B corporation, was established and approved by the voters in 1994. An approved ½ cent sales tax provides approximately one million dollars per year. The EDC fund currently funds the debt service payments for the economic development project that built the water park.

Other Information

Bond Rating

In a letter dated 01/09/2025, the Standard & Poor's Ratings Services ("Rating Services") notified the City: Based on our review, we have affirmed the underlying rating (SPUR) of AA- while affirming the stable outlook. (See [standardandpoors.com](https://www.standardandpoors.com) for more information.)

Awards and acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City of White Settlement for its comprehensive annual financial report for the fiscal year ending September 30, 2022. In order to be awarded a Certificate of Achievement, a government has to publish an easily readable and efficiently organized Annual Comprehensive Financial Report (ACFR) that satisfies both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one year only. We believe that our current Annual Comprehensive Financial Report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the City of White Settlement also received the Government Finance Officers Association award for the Distinguished Budget Presentation for its annual budget for the fiscal year beginning October 1, 2022 and ending September 30, 2023. In order to qualify for this award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

The preparation of this report would not have been possible without the staff of the Finance Department. We wish to express our appreciation to all members of the department who assisted and contributed to the preparation of this report. Their hard work, productivity, dedicated and diligent service are a vital resource and asset to the City. Credit must also be given to the Mayor and the City Council for their unfailing support for maintaining the highest standards of professionalism in management of the City of White Settlement's finances.

Respectfully submitted,

Jeffrey J. James

INDEPENDENT AUDITOR'S REPORT

Honorable Mayor
and Members of City Council
City of White Settlement, Texas

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of White Settlement, Texas, as of and for the year ended September 30, 2024, and the related notes to the financial statements, which collectively comprise the City of White Settlement, Texas' basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of White Settlement, Texas, as of September 30, 2024, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the City of White Settlement, Texas and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Emphasis of Matter - Change of Accounting Principle

As described in the notes to the financial statements, in fiscal year 2024 the City of White Settlement, Texas implemented Governmental Accounting Standards Board (GASB) Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*. Our opinions are not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of White Settlement, Texas' ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

OFFICE LOCATIONS

TEXAS | Waco | Temple | Hillsboro | Houston
NEW MEXICO | Albuquerque

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City of White Settlement, Texas' internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the City of White Settlement, Texas' ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison information, and pension and OPEB information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of White Settlement, Texas' basic financial statements. The combining and individual fund financial statements and schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information included in the Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual comprehensive financial report (ACFR). The other information comprises the introductory section and statistical section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated March 31, 2025, on our consideration of the City of White Settlement, Texas' internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of White Settlement, Texas' internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of White Settlement, Texas' internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

THIS PAGE LEFT BLANK INTENTIONALLY

Management's Discussion and Analysis

As management of The City of White Settlement, Texas, we offer readers of The City of White Settlement's financial statements this narrative overview and analysis of the financial activities of the City for the fiscal year ended September 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, which can be found in the introductory section of this report.

Financial Highlights

- The assets and deferred outflows of resources of the City of White Settlement exceeded its liabilities and deferred inflows of resources at the close of the most recent fiscal year by \$88,607,156 (*net position*) compared to \$85,026,474 for the prior year. Of this amount, \$33,381,255 (*unrestricted net position*) may be used to meet the City's ongoing obligations to citizens and creditors.
- The City's total net position increased by \$3,580,682. The City's operations increased the governmental activities by \$1,082,373 and increased the business-type activities by \$2,498,309 due to ongoing capital projects.
- As of the close of the current fiscal year, the City of White Settlement's governmental funds reported combined ending fund balances of \$26,141,201 compared to \$35,093,412 for the prior year. \$10,295,615 is available for spending at the City's discretion (unassigned fund balance). The reduction in fund balance is primarily due to the final payoff of the EDC bond originally issued for the water park project. With the debt retired, the ongoing operating subsidy was shifted from the General Fund to the EDC Fund, eliminating the need for a structural transfer.
- At the end of the current fiscal year, unassigned fund balance for the General Fund was \$10,295,615, or 68% of total General Fund expenditures.

Overview of the Financial Statements

This discussion and analysis are intended to serve as an introduction to the City of White Settlement's basic financial statements. The City's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-wide financial statements. The government-wide financial statements are designed to provide readers with a broad overview of the City's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business type activities). The governmental activities of the City include general government, public safety, public works, public health, culture and recreation and economic development. The business-type activities of the City include water and wastewater, sanitation, storm water utility, and Splash Dayz.

The government-wide financial statements include not only the City itself (known as the primary government), but also a legally separate Economic Development Corporation and a legally separate Crime Control and Prevention District for which the City is financially accountable. Although legally separate, they function for all practical purposes as departments of the City, and therefore have been included as an integral part of the primary government. The government-wide financial statements can be found immediately following this management's discussion and analysis.

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into two categories: governmental funds and proprietary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Other Special Revenue Fund, and Capital Projects Fund, and Debt Service Fund, which are considered major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The basic governmental fund financial statements can be found on page 17-22 of this report.

Proprietary funds. The City maintains two types of proprietary funds. The enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses enterprise funds to account for its water and wastewater operations, sanitation operations, storm water utility district and Splash Dayz. An internal service fund is an accounting device used to accumulate and allocate costs internally among the City's various functions. The City uses an internal service fund to account for fleet management services provided to other departments on a cost-reimbursement basis.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Water and Wastewater Fund, the Stormwater Utility Fund, and the Splash Dayz Fund, which are considered major funds.

The basic proprietary fund financial statements can be found on pages 23-27 of this report.

Notes to the financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 28-51 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information that further explains and supports the information in the financial statements. Required supplementary information can be found on pages 52-59 of this report.

The combining and individual nonmajor governmental funds are presented immediately following the required supplementary information. These statements can be found on pages 60-69 of this report.

Government-wide Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. In the case of the City, assets and deferred outflows of resources exceed liabilities and deferred inflows of resources by \$88,607,156 as of September 30, 2024.

The largest portion of the City's net position (56%) reflects its investment in capital assets (e.g. land, land improvements, buildings and improvements, machinery and equipment, infrastructure and construction in progress); less any related debt used to acquire those assets that are still outstanding. The City uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending. Although the City's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (6%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position of \$33,381,255 may be used to meet the government's ongoing obligations to citizens and creditors.

At the end of the current fiscal year, the City is able to report positive balances in all three categories of net position, both for the government as a whole, as well as for its separate governmental and business-type activities. The same situation held true for the prior fiscal year.

Below are summaries of the City's Statement of Net Position and Changes in Net Position.

City of White Settlement's Net Position

Governmental Activities. Governmental activities increased the City's net position by \$1,082,373 in the current year compared with an increase of \$7,092,825 in the prior year.

Total governmental activities revenues decreased \$137,934 (1%) to \$22,313,427. Key elements of this change are as follows:

- Charges for services increased \$648,734 primarily due to increases in park rental fee rates and increased facility rentals.
- Capital grants and contributions increased \$844,593 due to ARPA funds being spent in the current year and funds from NCTCOG to purchase and maintain land under the land banking program.
- Property taxes decreased \$852,441 primarily due to a significant refund issued by the appraisal district related to a valuation dispute that had been under litigation since 2014.
- Sales taxes decreased \$308,938 partially reflecting the impacts of inflation and a shifting economic environment, which reduced consumer buying power despite broader economic recovery.

Total governmental activities expenses increased \$993,385 (5%) to \$19,727,415. Key changes are as follows.

- General government expenses decreased \$103,529 (3%) primarily due to staffing vacancies in the public safety and general administration departments.
- Public safety expenses increased \$360,957 (4%) primarily due to an increase in salary costs and contractual obligations.
- Public works expenses increased \$835,449 (47%) primarily due to increased personnel costs and street maintenance supplies.
- Economic development expenses increased \$62 primarily due to contractual services
- Culture and recreation expenses increased \$44,403 (2%) primarily due to building maintenance costs and increased mowing expenses.

Below are two graphs summarizing governmental revenue and expense:

Business-type activities. Business-type activities increased the City's net position by \$2,498,309 in the current year compared to a decrease in net position of \$1,214,722 in the prior year.

Total revenues increased \$1,254,881 (9%) to \$15,168,697. Key elements of these changes are as follows.

- Charges for services decreased \$458,025 (4%) primarily due to reduction in water park attendance and reduced charges in the internal service fund.
- Capital grants and contributions increased \$1,289,793 due to grant funding from ARPA.

Total expenses increased \$2,420,983 (21%) to \$14,174,027. Key elements of these changes are as follows.

- Water and wastewater expenses increased \$2,232,471 primarily due to an increase in meter supplies for meter and transmitter replacement project and ongoing capital projects.
- Stormwater utility expense decreased \$32,051 primarily due to due to staffing vacancies
- Splash Dayz expenses increased \$267,561 primarily due to increased facility maintenance and repair and AV upgrades to the convention center.

Below are two graphs summarizing business-type activities revenue and expense:

Financial Analysis of the City's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related legal requirements.

Governmental funds. The focus of the City's governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

At year end, the City's governmental funds reported combined ending fund balances of \$26,141,201. \$10,295,615 (39%) constitutes unassigned fund balance, which is available for spending at the government's discretion. The remainder of fund balance is non-spendable, restricted, committed or assigned to indicate that it is not available for new spending because it has already been restricted or committed for projects and debt service.

The General Fund is the chief operating fund of the City. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$10,295,615. As a measure of the General Fund's liquidity, it may be useful to compare unassigned fund balance to total fund expenditures. Unassigned fund balance represents 68% of the total General Fund expenditures. Fund balance of the General Fund decreased \$4,761,773. Key factors in this decrease are as follows:

- Revenues increased \$250,173 due to increased sales tax and building permit revenue.
- Property taxes decreased \$509,230 due to a large refund awarded in protest by the appraisal district.
- Sales tax decreased \$157,374 due to reduced buying power in the economy stemming from inflation.
- Total expenditures increased \$1,334,213. General government expenditures increased \$321,983 due to a land purchase.
- Public safety expenditures increased \$678,110 primarily due to an increase in police and dispatch department personnel costs and equipment purchases.
- Culture and recreation expenditures increased \$302,977 due to an increase in salaries moved from previous ARPA funding, increased mowing demand, and facility maintenance and repair.

The Other Special Revenue fund balance increased by \$434,995 due to grant activity.

The Capital Projects fund balance decreased by \$1,003,151 due to an increase in capital project activity.

The Debt Service fund balance decreased by \$174,051 due to a large refund awarded to an entity by the appraisal district.

The Economic Development Corporation fund balance decreased by \$3,388,972 due to debt service payments exceeding sales tax revenues. This planned reduction is from the calling of the sales tax revenue bond.

Proprietary funds. The City's proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail.

The City's Water and Wastewater Fund, Stormwater Utility Fund and Splash Dayz Fund are enterprise funds that comprise the City's proprietary funds. Unrestricted net position of the Water and Wastewater Fund, Stormwater Utility Fund and Splash Dayz Fund at the end of the year amounted to \$18,426,598, \$2,784,568 and \$1,235,217 respectively. The total change in net position for the three funds was \$1,991,285 , \$205,103 and \$301,921, respectively. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

General Fund Budgetary Highlights

The budget was amended once during the year. Expenditures were increased \$41,471, to capture the General Fund's portion of the principal payment for the EDC bond call.

During the year, actual revenues were \$105,329 greater than budgeted due to conservative revenue adoption. Actual expenditures were \$31,057 lower than budget due to staffing vacancies.

Capital Assets

The City's investment in capital assets for its governmental and business type activities as of September 30, 2024, amounts to \$71,166,220 (net of accumulated depreciation). This investment in capital assets includes land, buildings, water and wastewater systems, land improvements, machinery and equipment, vehicles, roads, highways and bridges.

Major capital asset events during the current fiscal year included the following:

Governmental Activities:

- \$1,349,688 for land
- \$1,401,622 for on-going construction projects
- \$575,769 for machinery, equipment and vehicles

Business-type activities:

- \$745,726 for land
- \$475,018 for on-going construction projects
- \$535,830 for water and sewer system improvements

Additional information on the City's capital assets can be found in the notes to the financial statements, pages 39-40.

Long-Term Debt

At year-end the City had \$28,718,293 in debt outstanding, a decrease of \$10,093,153 from the prior year due to the payoff of the remaining principal of the EDC bond as well as annual regular debt service payments on outstanding issuances. \$4,625,000 are General Obligation Bonds that are backed by the full faith and credit of the City, \$21,640,000 are Certificates of Obligation secured by surplus revenues of the Water and Wastewater Fund and ad valorem taxes.

City of White Settlement's Outstanding Debt

	Governmental Activities		Business-Type Activities		Total	
	2024	2023	2024	2023	2024	2023
Sales Tax Revenue Bonds	\$ -	\$ 8,695,000	\$ -	\$ -	\$ -	\$ 8,695,000

The City's outstanding debt continues to have favorable ratings. The ratings are as follows:

	Standard & Poor's
Combination Tax and Revenue Certificates of Obligation, Series 2015	AA-
General Obligation Refunding Bonds, Series 2015	AA-
General Obligation Refunding Bonds, Series 2016	AA-
Combination Tax and Revenue Certificates of Obligation, Series 2018	AA-
Combination Tax and Revenue Certificates of Obligation, Series 2021	AA-
Combination Tax and Revenue Certificates of Obligation, Series 2022	AA-

More detailed information about the City's debt can be found in the notes to the financial statements, pages 40-43.

Economic factors and the Next Year's Budgets and Rates

Two major sources of revenue come from ad valorem tax revenue and sales tax revenue. Overall operating revenues are projected to increase slightly across all funds. City management and council took a conservative approach to budget planning.

Ad Valorem Tax

The 2024 taxable property values increased \$64,033,141 (4.23%) to \$1,578,443,709 from prior year values of \$1,514,410,568. The average taxable value of a residential home in 2024 increased to \$160,412 compared to the 2023 average taxable valuation of \$154,886. The City continues to take steps in developing areas to attract commercial customers and residents. For the 2024-2025 Budget, the City Council adopted the tax rate of \$0.679816, which was above the no new revenue rate but equal to the voter approval rate including the unused increment. This represents an increase of 1.89% compared to the prior year rate at \$0.667233 per \$100 valuation. The General Fund Ad Valorem tax revenue carries a \$7.88M budget.

Sales Tax

Historically, sales tax revenues have risen or decreased in response to oil and gas drilling. The 2024-2025 sales tax revenues in the General Fund are projected at \$3,200,000.

Budget

The 2024-2025 adopted budget adopted a market increase for employees on STEP with a minimum 5% raise as well as a tiered COLA for all general employees of a minimum 4%. The starting pay for full-time employees is \$19 an hour. The other major highlight of the 2024-2025 budget is the reduction of the water park operating subsidy in the general fund. By relieving the EDC fund of the debt service payment through the bond call, the operating subsidy is now funded by the EDC fund and has net capacity from the removal of the debt service responsibility.

Debt

The City of White Settlement uses long-term and short-term debt issuance to maintain a tax rate that is as level as possible. No additional debt was issued in 2023-2024, but a combination CO and Revenue bond issue is planned for 2024-2025.

Capital

Projects planned for 2023-2024 include street resurfacing and reconstruction, parks projects, water and sewer lines, stormwater projects, and municipal complex renovations.

Looking Forward

In the last few years, redevelopment efforts along with conservative fiscal policy have shown signs of stabilization and economic revitalization in the City. The 2024-2025 budget gives added emphasis to its efforts of long-term strategic plans developed by City Council and City Management. Data has been included to quantify the strategic plan and its projected effect on future year's operational budgets. These plans provide vision for the future, are helpful in the evaluation of Capital Improvement Projects, and serve to help shape the current budget.

The water park remains a challenging enterprise for the City. Originally constructed in 2013-2014 as part of a "Public-Private Partnership" with Hawaiian Falls, the City invested \$12.5 million in development, construction, and start-up costs, financed through bonds issued by the Economic Development Corporation (EDC). Under the original agreement, Hawaiian Falls was responsible for making debt service payments through a 40-year lease while operating and maintaining the park. However, in January 2016, Hawaiian Falls informed the City that they would no longer be making the required debt service payments, leading to the termination of the lease due to breach of contract. The City has since independently operated the park under the name "Splash Dayz Water Park."

The financial impact of the water park has historically been two-fold—operational requirements and debt service obligations. However, in the summer of 2024, the bond was called (as reflected in the increased Debt Service expenditures for FY24), eliminating the debt service burden from the EDC fund. As a result, in the FY2025 budget, the operating subsidy for the water park, previously funded by the General Fund, has been shifted to the EDC fund. While this alleviates pressure on the General Fund, the City continues to evaluate whether the park can achieve financial self-sufficiency or will remain a community service requiring ongoing subsidy.

City Management and Council are working together in concentrating on goals, plans and objectives that work toward the future financial stability of the City. The dedication of staff and support of the City Council are critical for an effective allocation of resources. Working together in an efficient and effective manner, City Management and Council are dedicated to improving the delivery of services and quality of life for the citizens of White Settlement.

Request for Information

The financial report is designed to provide a general overview of the City's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Finance Department, 214 Meadow Park Drive, White Settlement, Texas 76108.

**RECONCILIATION OF THE GOVERNMENTAL FUNDS
BALANCE SHEET TO THE STATEMENT OF NET POSITION**

SEPTEMBER 30, 2024

Total fund balances - governmental funds balance sheet \$ 26,141,201

Amounts reported for governmental activities in the Statement of Net Position are different because:

Internal service funds are used by the City's management for equipment maintenance and vehicle replacement. The assets and liabilities of certain internal service funds are included with governmental activities in the Statement of Net Position but are not included at the fund level. 2,137,552

Capital assets used in governmental activities are not current financial resources and therefore are not reported in the funds. 30,997,835

Revenues in the statement of activities that do not provided current financial resources are not reported as revenues in the funds.

Property taxes	228,691
Court fines	38,242
Charges for services	9,706
Franchise fees	156,239

Long-term liabilities, including bonds payable, notes payable, compensated absences, OPEB liabilities and net pension liability are not due and payable in the current period and therefore are not reported in the governmental funds balance sheet

Bonds payable	(17,675,000)
Deferred charge on refunding	81,907
Issuance premium	(581,179)
SBITAs payable	(472,551)
Compensated absences	(1,383,019)
Net pension liability	(6,900,599)
Deferred inflows of resources - pension related	(174,756)
Deferred outflows of resources - pension related	2,050,091
Total OPEB liability	(322,653)
Deferred inflows of resources - OPEB related	(95,778)
Deferred outflows of resources - OPEB related	45,269

Interest payable on long-term debt in the City's governmental activities is not payable from current resources and therefore is not reported in the governmental funds balance sheet.

**RECONCILIATION OF STATEMENT OF REVENUES,
EXPENDITURES AND CHANGES IN FUND BALANCE OF THE
GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES**

FOR THE YEAR ENDED SEPTEMBER 30, 2024

Net change in fund balances - total governmental funds: \$ (8,952,211)

Amounts reported for governmental activities in the Statement of Activities are different

Internal service funds are used by the City's management for equipment maintenance and vehicle replacement. The net revenue (expense) of certain internal service funds is reported with governmental activities. (27,776)

Governmental funds report capital outlays as expenditures. However, in the governmental activities statement of activities, the cost and accumulated depreciation of those assets is allocated over their estimated useful lives as depreciation expense. Other transactions involving capital assets include disposals.

Capital outlay 3,261,772
Depreciation expense (2,491,142)

The net effect of various miscellaneous transactions involving capital assets (i.e., sales, trade-ins, and donations) is to decrease net position. (43,495)

Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.

Property taxes (140,343)
Court fines (9,113)
Franchise fees (501,458)
Charges for services (40,292)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also governmental funds report the premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items.

Issuance of SBITA (195,241)
Payment on bonds 1,180,000
Payments on tax notes 8,695,000
Payments on SBITAs 211,286
Payments on leases 12,533
Amortization of deferred charge on refunding bonds (18,901)
Amortization of premium on bond issuance 83,872

Some expenses reported in the governmental activities statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Compensated absences (7,909)
Accrued interest 150,316
Net pension liability (73,276)
Total OPEB liability (11,249)

Change in net position of governmental activities \$ 1,082,373

CITY OF WHITE SETTLEMENT, TEXAS

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2024

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of White Settlement, Texas (the City) was incorporated under the laws of the State of Texas in 1941. The City is governed by an elected mayor and five-member council. The City provides the following services: public safety, streets, parks and recreation, library, water and wastewater, sanitation, planning and zoning, building inspection, code enforcement, and general administrative services.

As required by generally accepted accounting principles, these financial statements have been prepared based on considerations regarding the potential for inclusion of other entities, organizations, or functions as part of the City's financial reporting entity. Based on these considerations, the White Settlement Economic Development Corporation and the White Settlement Crime Control and Prevention District have been included in the City's reporting entity as component units. Additionally, as the City is considered a primary government for financial reporting purposes, its activities are not considered a part of any other governmental or other type of reporting entity.

Consideration regarding the potential for inclusion of other entities, organizations, or functions in the City's financial reporting entity is based on criteria presented by generally accepted accounting principles. These same criteria are evaluated in considering whether the City is a part of any other governmental or other type of reporting entity. The overriding elements associated with prescribed criteria considered in determining that the City's financial reporting entity status is that of a primary government are that it has a separately elected governing body; it is legally separate; and it is financially independent of other state and local governments. Additional prescribed criteria under generally accepted accounting principles include considerations pertaining to organizations for which the primary government is financially accountable; and considerations pertaining to other organizations for which the nature and significance of their relationship with the primary government are such that inclusion would cause the reporting entity's financial statements to be misleading or incomplete.

Blended Component Units

The White Settlement Economic Development Corporation (EDC) (a nonprofit development corporation formed under the Development Corporation Act of 1979, Texas Rev. Civil Statute) was incorporated June 28, 1994. The Corporation's services are provided to stimulate economic growth for the City and to fund the Water Park that is owned by the City. The City Council approves the budget of the EDC. A board of seven directors appointed by the City Council governs the Corporation. The purpose of the Corporation is to develop, implement, provide and finance projects allowed under the Development Corporation Act. Operation of the Corporation is funded by one-half percent sales tax approved by the voters. The City is the sole beneficiary of the EDC and will receive the remaining assets and assume the remaining liabilities upon termination. The Economic Development Corporation is presented as a special revenue fund. Separate unaudited financial statements may be obtained at the City's administrative office.

The White Settlement Crime Control and Prevention District (the "Crime District") is an entity legally separate from the City and was created by resolution of the City Council with approval by vote of the residents of White Settlement. The Crime District is governed by a seven-member board appointed by the City Council. The City Council approves the budget of the Crime District. The day-to-day operations of the Crime District are performed by City employees. For financial reporting purposes, the Crime Control and Prevention District is reported as if it were a part of the City's operations because its primary purpose is to support the crime prevention and enforcement activities of the General Fund. The Crime District makes transfers to the General Fund of the City for police salaries. In addition, the Crime District pays for ammunition, uniforms, tools and equipment, equipment and building repairs, travel, training and automobiles for the White Settlement police department. The services provided to others are insignificant to the overall activities of the Crime District. The Crime Control and Prevention District is presented as a special revenue fund. Separate unaudited financial statements may be obtained at the City's administrative office.

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds and proprietary funds. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year-end. Expenditures generally are recorded when the related fund liability is incurred, however, debt service expenditures and expenditures related to compensated absences and claims and judgments, are recognized when payment is due.

Property taxes, sales and use taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when the government receives payment.

The accounts of the City are organized and operated on the basis of funds. A fund is an independent fiscal and accounting entity with a self-balancing set of accounts. Fund accounting segregates funds according to their intended purpose and is used to aid management in demonstrating compliance with finance-related legal and contractual provisions. The minimum number of funds are maintained consistent with legal and managerial requirements.

The City reports the following major governmental funds:

The **General Fund** is the City's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The **Other Special Revenue Fund** is used to account for the resources received for various purposes, including federal and state grants, senior center donations, and court technology and safety fees.

The **Economic Development Corporation Fund** is used to account for financial transactions related to promoting economic development through planning, strategizing, and programs.

The **Capital Projects Fund** is used to account for construction of major capital projects not being financed by the proprietary funds.

The **Debt Service Fund** is used to account for the accumulation of resources that are restricted, for the payment of principal and interest on long-term obligations of governmental funds.

The City reports the following major proprietary funds:

The **Water and Wastewater Fund** accounts for the provision of sanitation, water and wastewater services to the residents of the City. All activities necessary to provide such services are accounted for in this fund.

The **Stormwater Utility Fund** is used to account for the maintenance of the drainage system for the City.

The **Splash Dayz Fund** is used to account for the maintenance and operations of the water park owned by the City.

Additionally, the City reports the following fund type:

An **Internal Service Fund** is used to account for fleet management services provided to other departments on a cost-reimbursement basis.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are charges and transfers between the governmental activities and the business-type activities, which cannot be eliminated.

Amounts reported as program revenues include 1) charges for customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise and internal service funds are charges to customers for sales and services. Operating expenses for the enterprise and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

D. Assets, Liabilities, Deferred Outflows/Inflows of Resources, and Net Position/Fund Balance

1. Cash and Investments

The City pools cash resources of its various funds to facilitate the management of cash. Cash applicable to a particular fund is readily identifiable.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits and short term investments that are highly liquid with maturity within three months or less when purchased. Assets reported as cash and investments are considered cash and cash equivalents for the statement of cash flows.

Investments for the City are reported at fair value, except for the position in investment pools. Investment pools are reported at the net asset value per share (which approximates fair value) even though it is calculated using the amortized cost method.

2. Receivables and Payables

Transactions between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as "due to/from other funds". Any residual balances outstanding between the governmental activities and the business-type activities are reported in the government-wide financial statements as "internal balances".

All trade and property tax receivables are shown net of an allowance for uncollectibles. Trade accounts receivable aged +2 months comprises the trade accounts receivable allowance for uncollectible accounts. The property tax receivable and municipal court allowances are equal to accounts over 5 years old and 85% respectively of the outstanding balances at September 30, 2024.

3. Unbilled Service

Utility operating revenues (water, wastewater, storm water and refuse collection) are billed on monthly cycles. The City records estimated revenues for services delivered during the fiscal year, which will be billed during the next fiscal year.

4. Inventory

The inventories of supplies are valued at cost using the first-in-first-out ("FIFO") method. Inventory in the governmental funds is accounted for using the consumption method.

5. Prepaid Items

Payments made for services that will benefit periods beyond September 30, 2024, are recorded as prepaid expenses/expenditures in both the government-wide and fund financial statements. Prepaid expenditures in the governmental funds are accounted for using the purchases method.

6. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure, are reported in the applicable governmental activities or business-type activities columns in the government-wide financial statements and in the proprietary funds financial statements. The City defines capital assets as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at cost or estimated historical cost if purchased or constructed. Donated capital assets, donated works of art and similar items, and capital assets received in a service concession arrangement are reported at acquisition value.

The cost of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Property, plant and equipment of the primary government and component unit are depreciated using the straight-line method over the following estimated useful lives:

Assets	Years
Land Improvements	20-30
Buildings	10-40
Water and wastewater system	20-50
Machinery and equipment	3-10
Vehicles	3-10
Infrastructure	20-50
Right-to-use equipment	3-10
Right-to-use subscriptions	1-5

7. Compensated Absences

It is the City's policy to permit employees to accumulate earned but unused vacation and sick pay benefits. After completing one full year of service, employees are eligible to convert sick leave to vacation leave in an amount equal to 40 hours of sick pay (calculated at their then-current rate of pay), less the number of sick pay hours claimed during the preceding 12-month period. Otherwise, the City's policy is that upon separation from service, only civil service employees will receive payment for unused sick pay benefits. All vacation pay and civil service employees' sick leave benefits are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

8. Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statements of net position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the effective rate of interest. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are expensed as they are incurred.

In the fund financial statements, governmental fund types recognize bond premiums and discounts during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuances cost, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Pensions

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported by the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

Other Post-Employment Benefits

The City participates in the Texas Municipal Retirement System Supplemental Death Benefit Fund (TMRS SDBF), which is an optional single-employer defined benefit life insurance plan that is administered by TMRS. It provides death benefits to active and, if elected, retired employees of participating employers. Contribution rates are determined annually for each participating municipality as a percentage of that City's covered payroll. The death benefit for retirees is considered an other post-employment benefit (OPEB). The OPEB program is an unfunded trust because the SDBF trust covers both actives and retirees and is not segregated. The Total OPEB Liability of the plan has been determined using the flow of economic resources measurement focus and full accrual basis of accounting. This includes for purposes of measuring the Total OPEB Liability, deferred inflows and outflows of resources, and OPEB expense. Benefit payments are recognized when due and payable in accordance with the benefit terms.

Leases

The City is a lessee for a noncancellable lease of equipment. The City recognizes a lease liability and an intangible right-to-use lease asset (lease asset) in the government-wide financial statements.

At the commencement of a lease, the City initially measures the lease liability at the present value of payments expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how the City determines (1) the discount rate it uses to discount the expected lease payments to present value, (2) lease term, and (3) lease payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate for leases.
- The lease term includes the noncancellable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long term debt on the statement of net position.

Subscription-Based Information Technology Arrangements

The City is a lessee for subscription-based IT arrangements (SBITAs). The City recognizes liability and an intangible right-to-use asset in the government-wide financial statements.

At the commencement of a SBITA, the City initially measures the liability at the present value of payments expected to be made during the agreement term. Subsequently, the liability is reduced by the principal portion of payments made. The asset is initially measured as the initial amount of the liability, adjusted for payments made at or before the commencement date, plus certain initial direct costs. Subsequently, the asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to SBITAs include how the City determines (1) the discount rate it uses to discount the expected payments to present value, (2) agreement term, and (3) agreed upon payments.

- The City uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the City generally uses its estimated incremental borrowing rate as the discount rate.
- The agreement term includes the noncancellable period of the SBITA.
- The agreed upon payments included in the measurement of the liability are composed of fixed payments and purchase option price that the City is reasonably certain to exercise.

The City monitors changes in circumstances that would require a remeasurement of its SBITA and will remeasure the asset and liability if certain changes occur that are expected to significantly affect the amount of the liability. These right to use assets are reported with other capital assets and liabilities are reported with long - term debt on the statement of net position.

9. Fund Balance - Governmental Funds

In the fund financial statements, governmental funds report the following classifications of fund balance:

Nonspendable - includes amounts that cannot be spent because they are either not spendable in form (such as prepaids or inventory) or are legally or contractually required to be maintained intact (such as endowment funds).

Restricted - includes amounts restricted by external sources (creditors, laws of other governments, etc.) or by constitutional provision or enabling legislation.

Committed - includes amounts constrained to specific purposes by a government itself, using its highest decision-making authority; to be reported as committed, amounts cannot be used for any other purpose unless the government takes the same highest-level action to remove or change the constraint (City Council ordinance).

Assigned - includes amounts a government intends to use for a specific purpose; intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. The City Council has delegated the authority to assign fund balance to the City Manager by resolution.

Unassigned - All amounts not included in other spendable classifications. The General Fund is the only fund that reports a positive unassigned fund balance amount. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the General Fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the City considers restricted fund balance to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the City considers amounts to have been first spent out of committed funds, then assigned, and finally unassigned as needed.

The City Council adopted a minimum fund balance policy for the General Fund. The policy requires the City strive to maintain a yearly unassigned fund balance in the General Fund of 144 days of annual budgeted expenditures. At the end of the year, the unassigned fund balance of \$10,295,615 was \$4,048,825 above the minimum fund balance requirement of \$6,246,790.

10. Net Position

Net position represents the difference between assets and liabilities. Net position net investment in capital assets consist of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition, construction or improvements of those assets, and adding back unspent proceeds. Net position is reported as restricted when there are limitations imposed its use either through the enabling legislations adopted by the City or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

11. Use of Estimates

The preparation of financial statements, in conformity with Generally Accepted Accounting Principles, requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual amounts could differ from those estimates.

12. Change in Accounting Principle

During fiscal year 2024, the City adopted GASB Statement No. 100, *Accounting Changes and Error Corrections*—an amendment of GASB Statement No. 62, which became effective on October 1, 2023. The primary goal of this Statement is to improve the accounting and financial reporting standards for accounting changes and error corrections, providing more understandable, reliable, relevant, consistent, and comparable information for decision-making and assessing accountability. As a result of this adoption, the City clarified the reporting of changes within the reporting entity, as reflected both in the notes to the financial statements and within the financial statements themselves.

II. DEPOSITS AND INVESTMENTS

Substantially all operating cash and investments are maintained in consolidated cash and investment accounts. Investment income relating to consolidated investments is allocated to the individual funds monthly based on the funds' pro-rata share of total cash and investments.

The City's investment policy authorizes the City to invest in obligations of the United States and its agencies; direct obligations of the State of Texas and agencies thereof; other obligations, the principal and interest on which are unconditionally guaranteed by the State of Texas and United States; obligations of the states, agencies, counties, cities and other political subdivisions of any state having been rated as investment quality by a nationally recognized investment rating firm, and having received a rating of not less than "A" or its equivalent; secured certificates of deposit of state and national banks domiciled in Texas; fully collateralized direct repurchase agreements with a defined termination date secured by obligations of the United States or its agencies; and joint pools of political subdivisions in the State of Texas. Investments are stated at fair value except for short-term highly liquid investments which are stated at cost or amortized cost. During the year, the City did not own any types of securities other than those permitted by statute.

The City invests idle funds in the Texas Local Government Investment Pool (TexPool). TexPool is a local government investment pool organized under the authority of the Interlocal Cooperation Act Chapter 791, Texas Government Code, and the Public Funds Investment Act, Chapter 2256, Texas Government Code. All investments of the Pool are stated at amortized cost, which in most cases approximates the market value of the securities. The objective of TexPool is to maintain a stable \$1.00 net asset value; however, the \$1.00 net asset value is not guaranteed or insured by the State of Texas.

The City's investment pools each have a redemption notice period of one day and may redeem daily. The investment pools' authority may only impose restrictions on redemptions in the event of a general suspension of trading on major securities markets, general banking moratorium or national state of emergency that affects the pool's liquidity.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The City's funds are required to be deposited and invested under the terms of a depository contract. The City's deposits are required to be collateralized with securities held by the pledging institution's trust department or agent in the City's name. The pledge of approved securities is waived only to the extent of the depository bank's dollar amount of Federal Deposit

Insurance Corporation ("FDIC") Insurance. At September 30, 2024, the City's deposits were covered by FDIC Insurance or collateralized with securities held by the bank's agent in the City's name.

Credit Risk- Investments

The City controls credit risk by limiting its investments to those instruments allowed by its investment policy.

Interest Rate Risk - Investments

In accordance with its investment policy, the City manages its exposure to declines in fair market values by limiting the final stated maturity of any investment to three years and the average maturity of the City's operating funds to one year. As of September 30, 2024, all of the City's investments were invested for a period not exceeding three years and the average maturity of operating funds was less than one year.

The City's investments at September 30, 2024 included the following:

<u>Investment</u>	<u>Credit Rating</u>	<u>Weighted Average Maturity</u>	<u>Percentage of Total Investments</u>	<u>Carrying Value</u>
TexPool	AAAm	26 days	19.97%	\$ 2,037,331
Texstar	AAAM	29 days	9.81%	1,006,984
Logic	AAAm	40 days	19.74%	2,014,223
FFCB	Aaa/AA+	857 days	19.70%	2,009,930
Treasury note	Aaa/AA+	184 days	30.72%	3,134,524
Total investments				<u>\$ 10,202,992</u>

Cash and investments restricted in the enterprise funds are \$723,910 for customer deposits and \$1,385,637 bond funds. Restricted cash and investments in the governmental funds amounted to \$13,821,200 for grants, capital projects, debt service, tourism, and economic development.

The City categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; and Level 3 inputs are significant unobservable inputs.

The City has the following recurring fair value measurements as of September 30, 2024:

- \$4,140,924 valued using a documented trade history in exact security (Level 1 inputs).
- \$1,003,530 are valued using an option-adjusted discounted cash flow model (Level 2 inputs).

III. PROPERTY TAX

The City's property tax is levied (assessed) each October 1, on the value listed as of the prior January 1, for all real property and personal property located in the City. Such assessed value for 2023 was computed based on 100% of appraised value.

Beginning with the 1982 levy, the appraisal property within the City became the responsibility of a countrywide appraisal district as required by legislation passed by the Texas Legislature. The appraisal district is required under such legislation to assess all property within the appraisal district on the basis of 100% of its appraised value and is prohibited from applying any assessment ratios. The value of property within the appraisal district must be reviewed every five years; however, the government may, at its own expense require annual reviews of appraised values.

The government may challenge appraised values established by the appraisal district through various appeals and, if necessary, legal action.

General property taxes are limited by the government's Home Rule Charter to \$1.50 per \$100 of assessed valuation. The combined tax rate to finance general governmental service and debt service for the period ended September 30, 2024, was \$0.6672 per \$100 of assessed valuation.

Taxes are billed and due on October 1 of each year. The last date for payment without penalty is the following January 31. Delinquent penalties are added on February 1 with additional attorney fees being added on July 1. Lien attaches to properties on the January 1 following levy date. Tarrant County bills and collects the general property taxes for the City. During the fiscal year, the City collected approximately 98% of the 2023 tax levy.

In the governmental funds the City's property tax revenues are recognized when levied to the extent that they result in current receivables available for financing current operations. The remaining receivables are reflected in deferred inflows.

IV. **RECEIVABLES**

Receivables as of year-end for the City's major and nonmajor funds, including the applicable allowances for uncollectible accounts are as follows:

Governmental Funds					
	General	Other Special Revenue	Economic Development Corporation	Debt Service	Nonmajor Governmental
Receivables:					
Property taxes	\$ 291,333	\$ -	\$ -	\$ 71,283	\$ -
Franchise taxes	210,584	-	-	-	-
Hotel/motel taxes	-	-	-	-	82,990
Intergovernmental	537,498	63,408	267,250	-	253,381
Municipal court	254,949	-	-	-	-
Miscellaneous	<u>62,981</u>	<u>-</u>	<u>-</u>	<u>-</u>	<u>16,477</u>
Gross receivables	1,357,345	63,408	267,250	71,283	352,848
Less: allowance for uncollectibles	<u>(375,163)</u>	<u>(5,157)</u>	<u>-</u>	<u>(30,468)</u>	<u>-</u>
Net total receivables	<u>\$ 982,182</u>	<u>\$ 58,251</u>	<u>\$ 267,250</u>	<u>\$ 40,815</u>	<u>\$ 352,848</u>

Proprietary Funds		
	Water and Wastewater	Stormwater Utility
Receivables:		
Water and wastewater	\$ 1,788,243	\$ -
Stormwater utility	-	44,002
Unbilled services	<u>376,522</u>	<u>20,269</u>
Gross receivables	2,164,765	64,271
Less: allowance for uncollectibles	<u>-</u>	<u>(4,928)</u>
Net total receivables	<u>\$ 2,164,765</u>	<u>\$ 59,343</u>

V. **DEFERRED OUTFLOWS/INFLOWS OF RESOURCES**

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets or fund balance that applies to a future period(s) and thus, will not be recognized as an outflow of resources (expense/expenditure) until then. The City has three items that qualify in this category, deferred charges on refunding bonds, deferred outflows relating to pensions, and deferred outflows relating to OPEB reported in the government-wide statement of net position. A deferred charge on refunding results from the difference in the carrying value of the refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt.

In addition to liabilities, the statement of financial position and governmental funds balance sheet will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net assets or fund balance that applies to a future period(s) and so will not be recognized as an inflow of resource (revenue) until that time. The City has two types of items in this category, unavailable revenues for governmental funds and deferred inflows related to pensions in the government-wide statement of net position and proprietary funds statements. At the end of the fiscal year, the various components of unavailable revenue reported in the governmental funds were as follows:

Property taxes receivable (General Fund)	\$ 187,876
Mowing liens receivable (General Fund)	9,706
Court fees receivable (General Fund)	38,242
Franchise fees receivable (General Fund)	156,239
Property taxes receivable (Debt Service Fund)	<u>40,815</u>
Total	<u>\$ 432,878</u>

VI. **INTERFUND TRANSFERS**

The composition of interfund transfers for the City's individual major funds and nonmajor funds at September 30, 2024 is as follows:

Transfer To	Transfer From	Amount	Purpose
General Fund	Nonmajor Governmental	\$ 930,335	Administrative costs
General Fund	Economic Development Corporation	79,095	Administrative costs
General Fund	Other Special Revenue Fund	737	Administrative costs
Economic Development Corporation	General Fund	3,000,000	Administrative costs
Economic Development Corporation	Nonmajor Governmental	1,000,000	Administrative costs
Other Special Revenue Fund	Water & Wastewater	1,223,874	Capital projects
Other Special Revenue Fund	Stormwater Utility	64,414	Capital projects
Capital Projects	Other Special Revenue Fund	62,100	Capital projects
Nonmajor Governmental	Other Special Revenue Fund	9,896	Capital projects
Debt Service	Water & Wastewater	218,990	Administrative costs
Other Special Revenue Fund	Capital Projects	64,414	Bond funds for capital project
Water & Wastewater	Other Special Revenue Fund	1,277,344	Capital projects
Stormwater Utility	Other Special Revenue Fund	48,824	Capital projects
Splash Dayz	General Fund	1,383,285	Subsidize operations
Splash Dayz	Other Special Revenue Fund	<u>301,464</u>	Tourism
Total		<u>\$ 9,664,772</u>	

VII. CAPITAL ASSETS

Capital asset activity for the year ended September 30, 2024 was as follows:

	Beginning Balance	Additions	Transfers/ Deletions	Ending Balance
Governmental activities:				
Capital assets, not being depreciated:				
Land	\$ 4,461,476	\$ 1,076,663	\$ -	\$ 5,538,139
Construction in progress	<u>1,404,861</u>	<u>1,679,255</u>	<u>(924,921)</u>	<u>2,159,195</u>
Total assets not being depreciated	<u>5,866,337</u>	<u>2,755,918</u>	<u>(924,921)</u>	<u>7,697,334</u>
Capital assets, being depreciated:				
Land improvements	8,779,826	103,366	-	8,883,192
Building and improvements	7,717,706	2,575	-	7,720,281
Machinery and equipment	6,474,521	495,542	871,174	7,841,237
Right-to-use equipment	1,230,961	985,099	(216,939)	1,999,121
SBITAs	801,420	220,469	(197,335)	824,554
Infrastructure	<u>27,414,414</u>	<u>57,877</u>	<u>-</u>	<u>27,472,291</u>
Total capital assets being depreciated	<u>52,418,848</u>	<u>1,864,928</u>	<u>456,900</u>	<u>54,740,676</u>
Less accumulated depreciation:				
Land improvements	(6,096,623)	(371,079)	-	(6,467,702)
Building and improvements	(5,007,955)	(222,512)	-	(5,230,467)
Machinery and equipment	(3,844,838)	(807,597)	(162,318)	(4,814,753)
Right-to-use equipment	(921,114)	(439,580)	599,122	(761,572)
SBITAs	(207,636)	(189,128)	162,350	(234,414)
Infrastructure	<u>(11,009,309)</u>	<u>(1,313,354)</u>	<u>-</u>	<u>(12,322,663)</u>
Total accumulated depreciation	<u>(27,087,475)</u>	<u>(3,343,250)</u>	<u>599,154</u>	<u>(29,831,571)</u>
Total capital assets being depreciated, net	<u>25,331,373</u>	<u>(1,478,322)</u>	<u>1,056,054</u>	<u>24,909,105</u>
Governmental activities capital assets, net	<u>\$ 31,197,710</u>	<u>\$ 1,277,596</u>	<u>\$ 131,133</u>	<u>\$ 32,606,439</u>
	Beginning Balance	Additions	Transfers/ Deletions	Ending Balance
Business-type activities:				
Capital assets, not being depreciated:				
Land	\$ 3,990,145	\$ 745,726	\$ -	\$ 4,735,871

Splash Dayz	<u>596,569</u>
Total depreciation expense - business-type activities	<u>\$ 1,589,139</u>

VIII. LONG-TERM LIABILITIES

A. Bonds Payable

The City issues General Obligation Bonds to provide funds for the acquisition and construction of major capital facilities. General Obligation Bonds are direct obligations and pledge the full faith and credit of the government. All of the City's General Obligation bonds and Contractual Obligation-Private Placement are direct obligations of the City, payable from a continuing ad valorem tax levied on all taxable property within the City, within the limits prescribed by law. The City's Certificates of Obligation issues are direct obligations of the City, payable from a combination of (i) an annual ad valorem tax levied, within the limits prescribed by law, on all taxable property within the City, and (ii) a limited pledge (not to exceed \$1,000) of the surplus net revenues of the City's Water and Wastewater System. General Obligation Bonds, Certificates of Obligation Bonds, and Certificates of Obligation-Private Placement outstanding are as follows:

Purpose	Date Issued	Maturity Date	Interest Rate	Original Principal	Amount Outstanding
General government	06/01/15	02/15/35	3.0 - 5.0%	\$ 9,540,000	\$ 8,410,000
Governmental refunding	06/01/15	02/15/25	3.0%	2,980,000	355,000
General government	09/10/15	02/15/28	3.07%	710,000	250,000
Governmental refunding	12/13/16	02/15/29	3.0 - 4.0%	3,815,000	1,995,000
General government	10/01/18	02/15/38	3.0 - 5.0%	2,995,000	2,405,000
General government	09/28/22	02/15/42	3.0 - 4.0%	<u>4,555,000</u>	<u>4,260,000</u>
Total				<u>\$ 24,595,000</u>	<u>\$ 17,675,000</u>

The annual debt service requirements to maturity for General Obligation Bonds and Certificates of Obligation Bonds outstanding as of September 30, 2024, are as follows:

Fiscal Year	Governmental Activities					
	General Obligation			Certificates of Obligation		
	Principal	Interest	Total	Principal	Interest	Total
2025	\$ 725,000	\$ 75,875	\$ 800,875	\$ 435,000	\$ 614,031	\$ 1,049,031
2026	385,000	57,300	442,300	815,000	592,681	1,407,681
2027	400,000	41,600	441,600	845,000	564,250	1,409,250
2028	410,000	25,400	435,400	880,000	534,919	1,414,919
2029	430,000	8,600	438,600	975,000	504,231	1,479,231
2030-2034	-	-	-	6,940,000	1,690,922	8,630,922
2035-2039	-	-	-	3,265,000	406,469	3,671,469
2040-2042	-	-	-	<u>920,000</u>	<u>56,200</u>	<u>976,200</u>
Total	<u>\$ 2,350,000</u>	<u>\$ 208,775</u>	<u>\$ 2,558,775</u>	<u>\$ 15,075,000</u>	<u>\$ 4,963,703</u>	<u>\$ 20,038,703</u>

The annual debt service requirements to maturity for Certificates of Obligation-Private Placement outstanding as of September 30, 2024, are as follows:

Fiscal Year	Private Placement Certificates of Obligation		
	Principal	Interest	Total
2025	60,000	6,754	66,754
2026	60,000	4,912	64,912
2027	65,000	2,993	67,993
2028	<u>65,000</u>	<u>998</u>	<u>65,998</u>
Total	<u>\$ 250,000</u>	<u>\$ 15,657</u>	<u>\$ 265,657</u>

The Economic Development Corporation issued Sales Tax Revenue Bonds for the purpose of constructing a water park. During the current fiscal year, the Economic Development Corporation early redeemed the remaining balance of \$8,695,000 using existing resources on hand. There were no amounts outstanding as of September 30, 2024.

The City's Water and Wastewater Fund also issues bonds where the City pledges income derived from the acquired or constructed assets to pay debt service. Water and Wastewater Fund bonds outstanding are as follows:

Purpose	Date Issued	Maturity Date	Interest Rate	Original Principal	Amount Outstanding
Enterprise refunding	12/13/16	02/15/29	3.0 - 4.0%	\$ 4,330,000	\$ 2,275,000
Enterprise bond	06/02/21	02/15/41	1.5 - 2.0%	5,985,000	5,735,000
Enterprise bond	12/06/21	02/15/41	0.2 - 1.9%	<u>675,000</u>	<u>580,000</u>
Total				<u>\$ 10,990,000</u>	<u>\$ 8,590,000</u>

April 8, 2010 the City of White Settlement and City of Fort Worth entered into an agreement where the City of Fort Worth agreed to pay 51.46% of the cost of the Farmers Branch Wastewater Interceptor Project. The City of White Settlement issued 2009 Certificates of Obligation to fund the project and partially refunded them with the 2016 General Obligation Refunding Bonds. The City of Fort Worth agreed to pay 51.46% of the annual debt service requirements beginning in 2010 through maturity in 2029. The amount received from the City of Fort Worth was \$258,818 and was reported as a capital contribution in the Water and Wastewater Fund.

Water and Wastewater Fund bond debt service requirements to maturity are as follows:

Fiscal Year	Business-type Activities		
	Principal	Interest	Total
2025	\$ 540,000	\$ 192,304	\$ 732,304
2026	565,000	175,272	740,272
2027	580,000	155,354	735,354
2028	600,000	134,650	734,650
2029	625,000	113,113	738,113
2030-2034	2,230,000	419,753	2,649,753
2035-2039	2,410,000	223,664	2,633,664
2040-2042	<u>1,040,000</u>	<u>20,774</u>	<u>1,060,774</u>
Total	<u>\$ 8,590,000</u>	<u>\$ 1,434,884</u>	<u>\$ 10,024,884</u>

The various bond ordinances contain a number of limitations and restrictions. Management believes the City is in compliance with all significant limitation and restrictions at September 30, 2024.

B. Leases Payable

The City has entered into lease agreements for vehicles through Enterprise. The leases carry interest rates of 0.664% and have monthly payments ranging from \$78 to \$1,097. The City's direct borrowings (leases) related to governmental activities are secured with equipment as collateral. The liabilities are typically liquidated by the general fund, internal service fund and water and wastewater fund.

Principal and interest requirements to maturity are as follows:

Governmental Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 319,709	\$ 69,146	\$ 388,855
2026	290,855	49,852	340,707
2027	291,268	30,185	321,453
2028	246,019	11,854	257,873
2029	<u>40,275</u>	<u>982</u>	<u>41,257</u>
Total	<u>\$ 1,188,126</u>	<u>\$ 162,019</u>	<u>\$ 1,350,145</u>

C. Subscription-based IT Arrangements Payable

The City has entered into subscription-based IT agreements through various vendors. The subscriptions carry interest rates ranging from 2.6820% to 3.3050% and have annual fixed payments ranging from \$90 to \$70,000. The City's direct borrowings (subscriptions) related to governmental and business-type activities are secured with equipment as collateral. The liabilities are typically liquidated by the General Fund, Splash Dayz Fund and Water and Wastewater Fund.

Principal and interest requirements to maturity are as follows:

Governmental Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 147,996	\$ 10,154	\$ 158,150
2026	139,755	6,708	146,463
2027	142,601	3,407	146,008
2028	39,048	-	39,048
2028	<u>3,151</u>	<u>-</u>	<u>3,151</u>
Total	<u>\$ 472,551</u>	<u>\$ 20,269</u>	<u>\$ 492,820</u>

Business-type Activities			
Fiscal Year	Principal	Interest	Total
2025	\$ 20,740	\$ 663	\$ 21,403
Total	<u>\$ 20,740</u>	<u>\$ 663</u>	<u>\$ 21,403</u>

D. Changes in Long-term Liabilities

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Governmental activities:					
Bonds payable:					
Certificates of obligation	\$ 15,495,000	\$ -	\$ 420,000	\$ 15,075,000	\$ 435,000
Certificates of obligation-private placement	305,000	-	55,000	250,000	60,000
General obligation bonds	3,055,000	-	705,000	2,350,000	725,000
Sales tax revenue bonds	8,695,000	-	8,695,000	-	-
Issuance premium	<u>665,051</u>	<u>-</u>	<u>83,872</u>	<u>581,179</u>	<u>-</u>
Total bonds payable	<u>28,215,051</u>	<u>-</u>	<u>9,958,872</u>	<u>18,256,179</u>	<u>1,220,000</u>
Right-to-use leases	706,972	900,471	419,317	1,188,126	319,709
Right-to-use SBITA's	488,596	195,241	211,286	472,551	147,996
Compensated absences	<u>1,375,110</u>	<u>633,651</u>	<u>625,742</u>	<u>1,383,019</u>	<u>435,405</u>
Total	<u>\$ 30,785,729</u>	<u>\$ 1,729,363</u>	<u>\$ 11,215,217</u>	<u>\$ 21,299,875</u>	<u>\$ 2,123,110</u>

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
Business-type activities:					
Bonds payable:					
General obligation bonds	\$ 2,685,000	\$ -	\$ 410,000	\$ 2,275,000	\$ 420,000
Certificates of obligation bonds	6,435,000	-	120,000	6,315,000	120,000
Issuance premium	<u>238,492</u>	<u>-</u>	<u>47,795</u>	<u>190,697</u>	<u>-</u>
Total bonds payable	<u>9,358,492</u>	<u>-</u>	<u>577,795</u>	<u>8,780,697</u>	<u>540,000</u>
Right-to-use leases	1,076	-	1,076	-	-
Right-to-use SBITA's	41,261	-	20,521	20,740	20,740
Compensated absences	<u>161,155</u>	<u>131,855</u>	<u>106,630</u>	<u>186,380</u>	<u>80,667</u>
Total	<u>\$ 9,561,984</u>	<u>\$ 131,855</u>	<u>\$ 706,022</u>	<u>\$ 8,987,817</u>	<u>\$ 641,407</u>

Compensated absences of the governmental activities and business-type activities are paid by the General Fund, Water & Wastewater Fund, Stormwater Utility Fund and Splash Dayz Fund, respectively.

E. Defeased Debt

In prior years, the City has defeased tax notes and general obligation bonds by placing the proceeds of new bonds into irrevocable trust accounts to provide for all future debt service payments on the old bonds. Accordingly, those trust account assets and the liability for the defeased bonds are not included in the City's financial statements. As of year-end, the City did not have defeased bonds outstanding.

IX. RISK MANAGEMENT

The City is exposed to various risk of loss related to torts; theft of, damage to and destruction of assets, errors and omissions; injuries to employees; and natural disasters. The City's general liability, automobile and property insurance is underwritten through a self-insurance fund for Texas political subdivisions. Premiums are paid to the carrier, and they administer all claims. The City is also insured for workers' compensation claims through a self-insurance fund for Texas political subdivisions. Rates are determined by the state, and the pool assigns discount rates to premiums based upon the City's claims history. The City retains, as a risk, only the deductible amount of each policy.

The City has maintained insurance coverage in all major categories of risk comparable to that of the prior year with no reduction in coverage. The amount of settlements during the past three years has not exceeded the insurance coverage.

X. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The plan, available to all City employees at their option, permits participants to defer a portion of their salary until future years. The deferred compensation is not available to participants until termination, retirement, death, or unforeseeable emergency.

The City's responsibility is to transmit employee contributions to the third-party plan administrator for deposit to the credit of the individual participant accounts. The City does not have significant administrative involvement for the assets of the plan and does not perform the investment function for the plan.

XI. DEFINED BENEFIT PENSION PLANS

A. Plan Description

The City participates as one of 934 plans in the nontraditional, joint contributory, hybrid defined benefit pension plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401 (a) of the Internal Revenue Code. TMRS issues a publicly available annual comprehensive financial report (ACFR) that can be obtained at www.tmr.com. All eligible employees of the City are required to participate in TMRS.

B. Benefits Provided

TMRS provides retirement, disability, and death benefits. Benefit provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the city-financed monetary credits with interest were used to purchase an annuity. Members may choose to receive their retirement benefit in one of seven payments options. Members may also choose to receive a portion of their benefit as a Partial Lump Sum Distribution in an amount equal to 12, 24, or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The plan provisions are adopted by the governing body of the City, within the options available in the state statutes governing TMRS. The plan provisions for the City were as follows:

Employee deposit rate	7%
Matching ratio (city to employee)	2 to 1
Years required for vesting	5
Retirement eligibility (age/service)	60/5, 0/20
Updated service credit	100% repeating, transfers
Annuity increase to retirees	70% of CPI

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries current receiving benefits	125
Inactive employees entitled to but not yet received benefits	189
Active employees	<u>130</u>
Total	<u><u>444</u></u>

C. Contributions

The contribution rates for employees in TMRS are either 5%, 6%, or 7% of employee gross earnings, and the city matching percentages are either 100%, 150%, or 200%, both as adopted by the governing body of the city. Under the state law governing TMRS, the contribution rate for each city is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees for the City were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the City were 17.28% and 18.38% in calendar years 2023 and 2024, respectively. The City's contributions to TMRS for the year ended September 30, 2024, were \$1,680,111 and were equal to the required contributions.

D. Net Pension Liability

The City's Net Pension Liability (NPL) was measured as of December 31, 2023, and the Total Pension Liability (TPL) used to calculate the Net Pension Liability was determined by an actuarial valuation as of that date.

Within the governmental activities, the General Fund generally liquidates the net pension liability. In the business-type activities, the net pension liability is liquidated by the Water and Wastewater, Stormwater Utility, and Splash Dayz funds.

The Total Pension Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.60% to 11.85% including inflation
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

Salary increases are assumed to occur once a year on January 1 so that the pay used for the period year following the valuation is equal to the reported pay for the prior year. Salaries are assumed to increase on a graduated service-based scale.

The actuarial assumptions were developed primarily from the actuarial investigation of the experience of TMRS as of December 31, 2022. They were adopted in 2023 and first used in the December 31, 2023 actuarial valuation. The post-retirement mortality assumption for healthy annuitants and Annuity Purchase Rate (APRs) are based on the Mortality Experience Investigation Study covering 2009 through 2011 and dated December 31, 2013. In conjunction with these changes first used in the December 31, 2013 valuation, the System adopted the Entry Age Normal actuarial cost method and a one-time change to the amortization policy. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, in order to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). The target allocation and best estimates of real rates of return for each major asset class in fiscal year 2023 are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Global Equity	35.00%	6.70%
Core Fixed Income	6.00%	4.70%
Non-Core Fixed Income	20.00%	8.00%
Other Public and Private Markets	12.00%	8.00%
Real Estate	12.00%	7.60%
Hedge Funds	5.00%	6.40%
Private Equity	<u>10.00%</u>	11.60%
Total	<u>100.00%</u>	

Discount Rate

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

Changes in the Net Pension Liability

	Increase (Decrease)		
	Total Pension Liability	Plan Fiduciary Net Position	Net Pension Liability
	(a)	(b)	(a) - (b)
Balance at 12/31/2022	\$ 43,231,794	\$ 33,029,781	\$ 10,202,013
Changes for the year:			
Service cost	1,494,101	-	1,494,101
Interest	2,897,870	-	2,897,870
Difference between expected and actual experience	251,615	-	251,615
Change in assumption	(354,261)	-	(354,261)
Contributions - employer	-	1,521,919	(1,521,919)
Contributions - employee	-	628,151	(628,151)
Net investment income	-	3,820,126	(3,820,126)
Benefits payments, including refunds of employee contributions	(2,094,885)	(2,094,885)	-
Administrative expense	-	(24,322)	24,322
Other change	-	(170)	170
Net changes	2,194,440	3,850,819	(1,656,379)
Balance at 12/31/2023	<u>\$ 45,426,234</u>	<u>\$ 36,880,600</u>	<u>\$ 8,545,634</u>

Sensitivity of the Net Pension Liability to Changes in the Discount Rate

The following presents the net pension liability of the City, calculated using the discount rate of 6.75%, as well as what the City's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in in Discount Rate (7.75%)
City's net pension liability	\$ 15,043,347	\$ 8,545,634	\$ 3,258,834

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at www.tmrs.com.

E. Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

For the year ended September 30, 2024, the City recognized pension expense of \$1,743,661, which is attributable to governmental and business-type activities in the amounts of \$1,408,006 and \$335,655, respectively.

At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 328,799	\$ -
Changes in actuarial assumptions	-	216,416
Difference between projected and actual investment earnings	905,772	-
Contributions subsequent to the measurement date	1,304,241	-
Totals	<u>\$ 2,538,812</u>	<u>\$ 216,416</u>

Amounts reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction to the net pension liability for the year ending September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

<u>For the Year Ended September 30,</u>		
2025	\$	377,319
2026		268,936
2027		690,023
2028		(318,123)

XII. POSTEMPLOYMENT BENEFITS OTHER THAN PENSIONS (OPEB)

A. Plan Description

The City also participates in the agent multiple-employer defined benefit group-term life insurance plan operated by the Texas Municipal Retirement System (TMRS) known as the Supplemental Death Benefits Fund (SDBF). The City elected, by ordinance, to provide group-term life insurance coverage to both current and retired employees. The City may terminate coverage under and discontinue participation in the SDBF by adopting an ordinance before November 1 of any year to be effective the following January 1.

B. Benefits Provided

Payments from this fund are similar to group-term life insurance benefits and are paid to the designated beneficiaries upon the receipt of an approved application for payment. The death benefit for active employees provides a lump-sum payment approximately equal to the employee's annual salary (calculated based on the employee's actual earnings for the 12-month period preceding the month of death). The death benefit for retirees is considered an other post-employment benefit and is a fixed amount of \$7,500.

C. Employees covered by benefit terms

At the December 31, 2023 valuation and measurement date, the following employees were covered by the benefit terms:

Inactive employees or beneficiaries currently receiving benefits	68
Inactive employees entitled to but not yet receiving benefits	30
Active employees	<u>130</u>
Total	<u><u>228</u></u>

D. Contributions

The City contributes to the SDBF at a contractually required rate as determined by an annual actuarial valuation, which was 0.32% and 0.31% for the calendar year, 2023 and 2024, respectively, of which 0.16% and 0.15% represented the retiree-only portion for each year, as a percentage of annual covered payroll. The rate is equal to the cost of providing one-year term life insurance. The funding policy for the SDBF program is to assure that adequate resources are available to meet all death benefit payments for the upcoming year; the intent is not to prefund retiree term life insurance during employees' entire careers. The City's retiree-only portion of contributions to the SDBF for the years ended September 30, 2023 and 2024 were \$13,373 and \$14,124, respectively, representing contributions for both active and retiree coverage, which equaled the required contributions each year.

E. Total OPEB Liability

The City's total OPEB liability was measured as of December 31, 2023 and was determined by an actuarial valuation as of that date.

Within the governmental activities, the General Fund generally liquidates the total OPEB liability. In the business-type activities, the total OPEB liability is liquidated by the Water and Wastewater, Stormwater Utility, and Splash Dayz funds.

The SDBF program is treated as an unfunded OPEB plan because the SDBF trust covers both actives and retirees and the assets are not segregated for these groups.

The Total OPEB Liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Discount Rate	3.77% (Based on Fidelity Index's 20-Year Municipal GO AA Index as of December 31, 2023)
Administrative Expenses	All administrative expenses are paid through the Pension Trust and accounted for under reporting requirements under GASB Statement No. 68.
Mortality Rates - Service Retirees	2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Mortality Rates - Disabled Retirees	2019 Municipal Retirees of Texas Mortality Tables with a 4 year setforward for males and a 3 year set-forward for females. In addition, a 3.5% and 3% minimum mortality rate will be applied to reflect the impairment for younger members who become disabled for males and females, respectively. The rates are projected on a fully generational basis with scale MP-2021 (with immediate convergence) to account for future mortality improvements subject to the floor.

Changes in the OPEB Liability

	<u>Total OPEB Liability</u>
Balance at 12/31/2022	\$ 354,988
Changes for the year:	
Service cost	13,460
Interest	14,359
Difference between expected and actual experience	10,675
Changes of assumptions and other inputs	20,446
Benefit payments**	<u>(14,358)</u>
Net changes	<u>44,582</u>
Balance at 12/31/2023	<u><u>\$ 399,570</u></u>

**Due to the SDBF being considered an unfunded OPEB plan under GASB 75, benefit payments are treated as being equal to the employer's yearly contributions for retirees.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the City, calculated using the discount rate of 1.84%, as well as what the City's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage-point lower (0.84%) or 1-percentage-point higher (2.84%) than the current rate:

	<u>1% Decrease in Discount Rate (0.84%)</u>	<u>Discount Rate (1.84%)</u>	<u>1% Increase in Discount Rate (2.84%)</u>
Total OPEB Liability	\$ 479,320	\$ 399,570	\$ 338,147

F. OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended September 30, 2024, the City recognized OPEB expense of \$17,292, which is attributable to governmental and business-type activities in the amounts of \$13,963 and \$3,329, respectively. At September 30, 2024, the City reported deferred outflows of resources and deferred inflows of resources relate to OPEB for the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual economic experience	\$ 8,518	\$ 10,731
Changes in actuarial assumptions	36,898	107,880
Contributions subsequent to the measurement date	10,647	-
Totals	<u>\$ 56,063</u>	<u>\$ 118,611</u>

Amounts reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date are due to benefit payments the City paid with own assets and will be recognized as a reduction of the total OPEB liability for the year ending September 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to OPEB will be recognized in OPEB expense as follows:

For the Year Ended September 30,	
2025	\$ (18,415)
2026	(31,326)
2027	(29,426)
2028	5,972

XIII. CONTINGENT LIABILITIES

Contingencies

The City is exposed to various claims and litigation. The outcome of events is not presently determinable and the amount of the City's potential liability cannot be reasonably estimated at this time.

Federal and State Programs

Federal and state funding received related to various grant programs are based upon periodic reports detailing reimbursable expenditures made, in compliance with program guidelines, to the grantor agency. These programs are governed by various statutory rules and regulations of grantors. Amounts received and receivable under these various funding programs are subject to periodic audit and adjustment by the funding agencies. To the extent, if any, the City has not complied with all the rules and regulations with respect to performance, financial or otherwise, adjustment to or return of fund monies may be required. As it pertains to other matters of compliance, in the opinion of the City's administration, there are no significant contingent liabilities relating to matters of compliance and accordingly, no provision has been made in the accompanying financial statements for such contingencies.

XIV. CONTRACTS AND COMMITMENTS

Water and Wastewater Contracts

The City has separate contracts with the City of Fort Worth, Texas for the purchase of treated water and for the treatment of wastewater, which expire in 2031 and 2037, respectively. The contracts require the City to pay varying amounts based on the costs associated with water purchased and treated. Payments during 2024 for the purchase of treated water were \$1,220,300 and payments made for the treatment of wastewater by the City of Fort Worth were \$2,418,028.

Construction Commitments

The City has active construction projects as of September 30, 2024. At year end, the City's commitments with contractors are as follows:

<u>Project</u>	<u>Spent to Date</u>	<u>Remaining Commitment</u>
Complete street replacement	\$ 3,235,322	\$ 3,891,246
Stormwater/Drainage	278,552	2,369,982
Wellsite #10	444,315	331,229

Encumbrances

The City utilizes budgetary accounting to the extent necessary to assure effective budgetary control and accountability and to facilitate effective cash planning and control. At year end, the amounts of encumbrances expected to be honored upon performance by the vendor in the next year included \$4,150,158, \$2,538,719, and \$301,434 in the Capital Bonds Fund, Water and Sewer Fund, and Stormwater Fund, respectively.

XV. TAX ABATEMENTS

The City enters into economic development agreements designed to promote development and redevelopment within the City, spur economic improvement, stimulate commercial activity, generate additional sales tax and enhance the property tax base and economic improvement. These programs abate or rebate property taxes and/or sales tax, and also include incentive payments and reductions in fees that are not tied to taxes. The City's economic development agreements are authorized under Chapter 380 of the Texas Local Government Code and Chapter 311 (Tax Increment Financing Act) and 312 (Property Redevelopment and Tax Abatement Act) of the Texas Tax Code.

Recipients may be eligible to receive economic assistance based on the employment impact, economic impact or community impact of the project requesting assistance. Recipients receiving assistance generally commit to building or remodeling real property and related infrastructure, demolishing and redeveloping outdated properties, expanding operations, renewing facility leases, or bringing targeted businesses to the City. Agreements generally contain recapture provisions which may require repayment or termination if recipients do not meet the required provisions of the economic incentives.

The City has one category of economic development:

General Economic Development – The City enters into various agreements under Chapter 380 of the Texas Local Government Code to stimulate economic development. Agreements may rebate a flat amount or percentage of property taxes or sales tax received by the City, may result in fee reductions such as utility charges or building inspection fees, or make lump sum payments to offset moving expenses, infrastructure reimbursements, redevelopment costs or other expenses. For fiscal year 2024, the City rebated \$148,853 in taxes.

XVI. ADJUSTMENTS – CHANGE WITHIN THE FINANCIAL REPORTING ENTITY

For Fiscal Year 2024, the City reported one change in its financial reporting entity. The special revenue fund, Economic Development Corporation, was previously reported as a nonmajor governmental fund and is now reported as a major fund. The change in classification is required based on quantitative factors.

XVII. SIGNIFICANT FORTHCOMING ACCOUNTING GUIDANCE

Significant new accounting guidance issued by the Governmental Accounting Standards Board (GASB) not yet implemented by the City include the following:

GASB Statement No. 101, *Compensated Absences* – The objective of this Statement is to better meet the information needs of financial statement users by updating the recognition and measurement guidance for compensated absences. That objective is achieved by aligning the recognition and measurement guidance under a unified model and by amending certain previously required disclosures. This Statement will become effective for reporting periods beginning after December 15, 2023, and the impact has not yet been determined.

GASB Statement No. 102, *Certain Risk Disclosures* – The objective of this Statement is to provide users of government financial statements with information about risks related to a government's vulnerabilities due to certain concentrations or constraints that is essential to their analyses for making decisions or assessing accountability. This Statement will become effective for reporting periods beginning after June 15, 2024, and the impact has not yet been determined.

GASB Statement No. 103, *Financial Reporting Model Improvements* – The objective of this Statement is to improve key components of the financial reporting model to enhance its effectiveness in providing information that is essential for decision making and assessing a government's accountability. This Statement also addresses certain application issues. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

GASB Statement No. 104, *Disclosure of Certain Capital Assets* – The objective of this Statement is to provide users of government financial statements with essential information about certain types of capital assets. This Statement requires certain types of capital assets to be presented separately in the note disclosures, including right-to-use assets related to leases, Subscription-Based Information Technology Arrangements, and public-private or public-public partnerships. Other intangible assets are also required to be presented separately by major class. Additional disclosures have also been required for capital assets held for sale. This Statement will become effective for reporting periods beginning after June 15, 2025, and the impact has not yet been determined.

CITY OF WHITE SETTLEMENT, TEXAS

SCHEDULE OF CONTRIBUTIONS

FOR THE YEAR ENDED SEPTEMBER 30, 2024

Fiscal Year Ended September 30,	2015	2016	2017	2018
Actuarial determined contribution	\$ 651,832	\$ 655,291	\$ 992,694	\$ 1,139,912
Contributions in relation to the actuarially determined contribution	<u>(651,832)</u>	<u>(655,291)</u>	<u>(992,694)</u>	<u>(1,139,912)</u>
Contribution deficiency (excess)	-	-	-	-
Covered payroll	6,056,693	6,147,865	6,163,126	6,375,860
Contributions as a percentage of covered payroll	10.76%	10.66%	16.11%	17.88%

NOTES TO SCHEDULE OF CONTRIBUTIONS

Valuation Date Actuarially determined contribution rates are calculated as of December 31 and become effective in January 13 months later.

Methods and Assumptions Used to Determine Contribution Rates:

Actuarial Cost Method	Entry Age Normal
Amortization Method	Level Percentage of Payroll, Closed
Remaining Amortization Period	22 years (longest amortization ladder)
Asset Valuation Method	10 Year smoothed fair market; 12% soft corridor
Inflation	2.50%
Salary Increases	3.60% to 11.85% including inflation
Investment Rate of Return	6.75%
Retirement Age	Experience-based table of rates that are specific to the City's plan of benefits. Last updated for the 2023 valuation pursuant to an experience study of the period ending 2022.

Mortality Post-retirement: 2019 Municipal Retirees of Texas Mortality Tables. Male rates are multiplied by 103% and female rates are multiplied by 105%. The rates are projected on a fully generational basis by the most recent Scale MP-2021 (with immediate convergence).
Pre-retirement: PUB(10) mortality tables, with the 110% of the Public Safety table used for males and the 100% of the General Employee table used for females. The rates are projected on a fully generational basis by the most recent Scale-2021 (with immediate convergence).

Other Information: There were no benefit changes during the year.

2019	2020	2021	2022	2023	2024
\$ 1,158,645	\$ 1,212,318	\$ 1,241,928	\$ 1,294,894	\$ 1,506,441	\$ 1,680,111
<u>(1,158,645)</u>	<u>(1,212,318)</u>	<u>(1,241,928)</u>	<u>(1,294,894)</u>	<u>(1,506,441)</u>	<u>(1,680,111)</u>

7.10%	7.44%	4.62%	4.45%

CITY OF WHITE SETTLEMENT, TEXAS

NOTES TO BUDGETARY SCHEDULE

SEPTEMBER 30, 2024

Summary of Significant Accounting Policies

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for the General Fund, Crime Control and Prevention District, Occupancy Tax Fund, Debt Service Fund, Street Improvement Fund, TIRZ #1 and Economic Development Corporation. The Capital Projects and Other Special Revenue Funds adopt project-length budgets; therefore, these budgets are not included in the City's Annual Comprehensive Financial Report. All annual appropriations lapse at fiscal year-end.

The City Council follows these procedures in establishing budgetary data reflected in the financial statements.

1. Prior to the beginning of the fiscal year, the City Manager submits to the City Council proposed operating budgets for the fiscal year commencing the following October 1. The operating budgets include proposed expenditures and the means of financing them for the general and certain special revenue and debt service funds.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to October 1, the budget is legally enacted through passage of an ordinance.
4. The City Manager is authorized by the City Council to make adjustments to budgeted amounts between departments within an operating fund or line items within a single fund as well as transfer appropriations between departments. However, the City Council must approve any transfer of unencumbered appropriation balances or portions thereof from one fund to another as well as any increases in fund appropriations after a public hearing conducted in compliance with the Texas Open Meetings Act.
5. Budgeted amounts are as originally adopted or as amended by the City Council. During 2024, individual amendments were not material in relation to the original appropriations for expenditures. All budget appropriations automatically lapse at year-end.

B. Encumbrances

Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrances accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is utilized in the governmental funds. All encumbrances lapse at the fiscal year-end.

C. Expenditures Over Budget

For fiscal year 2024, actual expenditures exceeded appropriates in the General Fund for various functions. These items were funded with excess budgets in other functions and more than anticipated revenue.

Notes:

Ad Valorem Tax Limitation. The City of White Settlement, Texas, has the power to levy taxes to State of Texas. The constitutional limitation is \$2.50 per hundred dollars valuation for all purposes. This limitation is \$1.50 per hundred dollars valuation purposes in the City Charter.

Due Date of Current Taxes. Full payment of taxes is due on or before January 31st. No provision is made for partial payments.

Penalties for Delinquents. Failure to make full payments before February 1st causes the tax to subject to a penalty in accordance with the State Property Tax Code 33.01.

Delinquent Tax Collections. A tax lien is placed on property on which the taxes have not been demand letters from the attorney's office setting a final date for payment. If payment is not made by the final date, the City of White Settlement instigates legal procedures.

Tarrant County College District	<u>591,230,000</u>	0.51%	<u>3,074,396</u>
Total overlapping debt	<u>3,327,659,782</u>		<u>105,180,900</u>
Total direct and overlapping debt	<u>\$ 3,346,995,459</u>		<u>\$ 124,516,577</u>
Ratio of direct and overlapping bonded debt to taxable assessed valuation			8.22%
Per capita direct and overlapping bonded debt			\$ 6,640

- (1) The portion of White Settlement which overlaps Fort Worth Independent School District is federal land and not subject to taxation.

LEGAL DEBT MARGIN INFORMATION

AS OF SEPTEMBER 30, 2024
(UNAUDITED)

No direct funded debt limitation is imposed on the City under current state law or the City's Home rule

The City Charter empowers the City Council, under the provisions of the Texas Constitution, Article II, Section 5, to levy, assess and collect an annual tax upon taxable property within the City. The Charter further states the tax is not to exceed a total of one dollar and fifty cents (\$1.50) on the one hundred dollars (\$100.00) assessed valuation of said property. No provisions are made limiting the amount of this tax rate that can be used for debt service. The City may issue only those bonds and amounts approved by the voters of the City.
